2023 ANNUAL REPORT

Growing Influence . . .

Dear participants, supporters, and community stakeholders,

In our pursuit to amplify our impact and reach, Hunger For Success is embarking on an inspiring journey, moving our home office from Washington to California. This strategic move marks a pivotal moment in our organization's evolution, as we align ourselves with a dynamic landscape ripe with opportunities to empower low to no-income individuals in their quest for sustainable employment and economic stability.

By growing our mission in California, we are positioning ourselves at the heart of innovation and progress, where we can leverage robust networks, cultivate impactful partnerships, and tap into diverse resources to propel our collective efforts forward. Through this relocation, we are not merely changing our geographical coordinates; we are expanding our footprint of hope, resilience, and opportunity, ensuring that every individual we serve has the support and resources necessary to find and secure family-wage jobs, thereby fostering lasting positive change for generations to come.

In 2023, Hunger for Success experienced a reduction in State referrals but a slight increase in financial support. Our goal is to establish partnerships with the CA Department of Rehabilitation and the Van Nuys Regional Center to grow our referrals from State Agencies while maintaining referrals in WA.

At Hunger For Success, our commitment to our participants' growth is unwavering. We believe in empowering individuals with the tools, resources, and support they need to not only find but also thrive in family-wage jobs. We will continue to develop our national expansion to help disabled adults throughout the entire United States enter the workforce and maintain long-term success and stability. Every step we take, every program we implement, is infused with the passion to uplift and transform lives. Together, we're not just helping individuals find jobs; we're building pathways to brighter futures, where financial security and prosperity are within reach for all.

At your service,

Brad Lebowsky
President and Chair

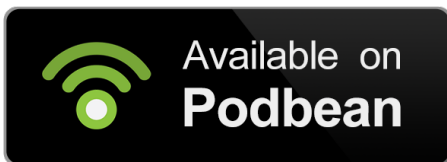

“Hunger for Success has been a light for me in some pretty trying times.”

ENGAGING HUNGER FOR SUCCESS

Everyone is experiencing change, loss, and uncertainty. Here at **Hunger For Success**, we embrace change and provide valuable services to those in need. Our participants are a diverse group of individuals experiencing job loss, disabilities, or low to no income. They have learned to rely on our services and the ability to connect with us whenever they are in need.

In order to further our mission and influence the communities we serve, we're asking you to engage with us by donating, following us on social media, or referring someone you know to our FREE services.

We're grateful for your support.
