2024 ANNUAL REPORT

Growing Influence . . .

Dear participants, supporters, and community stakeholders,

In 2024, Hunger for Success faced significant financial challenges due to prolonged approval processes for fee-for-service revenue from the California Department of Rehabilitation and regional centers. Additionally, individual and foundation donations have declined year over year, creating financial constraints that impacted our ability to scale services effectively.

Despite these setbacks, we remain steadfast in our mission to empower low- to no-income individuals in securing sustainable employment and achieving economic stability. Our transition from Washington to California was a strategic move designed to position us within a landscape rich with opportunities for growth, collaboration, and innovation. However, navigating the complexities of state funding has delayed our ability to fully realize these benefits.

To address these financial and operational challenges, our focus in the coming year is two fold: Strengthening Partnerships with State Agencies – We are actively working to finalize agreements with the California Department of Rehabilitation and the Van Nuys Regional Center to secure a steady stream of referrals and revenue. Maintaining our referral base in Washington remains a priority to ensure continuity of services.

Diversifying Funding Streams – In response to declining philanthropic support, we are exploring new revenue sources, including corporate sponsorships, earned income strategies, and expanded grant opportunities to sustain and grow our impact.

At Hunger for Success, our commitment to the individuals we serve is unwavering. We continue to provide the tools, resources, and guidance necessary for long-term employment success, adapting to challenges with resilience and innovation. While financial obstacles have slowed our progress, they have not deterred our mission. As we navigate this evolving landscape, we remain dedicated to expanding our reach and ensuring that every individual has access to the support they need to thrive in the workforce.

Together, we are not just helping individuals find jobs—we are building sustainable career pathways that lead to financial security and a brighter future.

At your service,

Brad Lebowsky
President and Chair

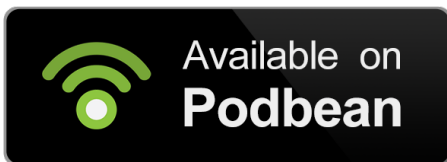

“Hunger for Success has been a light for me in some pretty trying times.”

ENGAGING HUNGER FOR SUCCESS

Everyone is experiencing change, loss, and uncertainty. Here at **Hunger For Success**, we embrace change and provide valuable services to those in need. Our participants are a diverse group of individuals experiencing job loss, disabilities, or low to no income. They have learned to rely on our services and the ability to connect with us whenever they are in need.

In order to further our mission and influence the communities we serve, we're asking you to engage with us by donating, following us on social media, or referring someone you know to our FREE services.

We're grateful for your support.
